EDUCATION

IES UNIVERSITY

B.Tech in Computer Science and Engineering - CGPA - 8.50

June 2021 – June 2025

Bhopal, Madhya Pradesh

EXPERIENCE

LeopardRuns Innovation and Technology

Dec 2023 – Mar 2024

Jr Software Developer Intern

Onsite

- Developed interactive and responsive user interfaces using Reactjs, HTML, CSS, and JavaScript,
- Integrated frontend interfaces with REST APIs, fetching and dynamically rendering data on the client side,
- Implemented routing using React Router.

Oasis Infobyte

Feb 2023 – Mar 2023

Frontend Developer Intern

Remote

- Developed dynamic web projects such as a Calculator Web, Todo List, and a personal Portfolio,
- Developed interactive, responsive user interfaces.

Simplbyte

Mar 2023 – Apr 2023

Frontend Developer Intern

Remote

- Built dynamic web projects like Weather Web, Quiz Web, and Timer and Stopwatch,
- Integrated frontend interfaces with REST APIs, fetching and rendering live data,
- Developed interactive and responsive user interfaces.

PROJECTS

Mandi Market Web | ReactJS, Material UI

Mar 2025

- Engineered a responsive e-commerce platform with dynamic product listings, intelligent filtering, user login system, and optimized cart updates for enhanced performance and usability.
- Implemented advanced real-time search functionality, improving navigation efficiency and user engagement.

Note Taking Web | ReactJS, Tailwind CSS, JavaScript

Feb 2025

- Created a fully responsive, intuitive note management tool supporting create, read, update, delete (CRUD) operations and keyword-based search.
- Applied clean architecture principles to maintain code scalability and UI responsiveness across devices.

Task Management App | ReactJS, Tailwind CSS

Apr 2025

- Developed a role-based task tracking system with secure authentication, allowing leads to generate employee credentials and assign tasks in real time.
- Enabled employees to view, update, and manage assigned tasks via personalized dashboards.

Chatbot Web Application | Qwen API, ReactJS, Axios

Jan 2025

- Designed an intelligent chatbot interface supporting text and image-based inputs, offering context-aware, real-time responses using Qwen API.
- Integrated advanced API calls to enable image interpretation, natural language understanding, and smooth user interaction.

TECHNICAL SKILLS

Languages: C, C++, Java, JavaScript, Node.js

Databases: MySQL, MongoDB

Frontend: HTML, CSS, ReactJS, Tailwind CSS, Material UI

Backend: Express.js, Node.js, REST APIs

Tools & Platforms: Git, GitHub, Vercel, Netlify, Postman, VS Code

Soft Skills: Problem-solving, Team collaboration, Self-motivation

CERTIFICATES / ACHIEVEMENTS

Javascript - Udemy

Problem Solving - HackerRank

Practice JavaScript - Codechef

ReactJs - simplilearn

Agile Project Management - Hp life
